Description:

This book was previously published under the title Using Natural Finishes. With step-by-step instructions for applying lime- and clay-based plasters, renders, and paints, this manual features information on the benefits of natural finishes for personal health, the environment, and buildings. Drawing on traditional methods and materials for using lime and clay finishes on new and historic buildings, the handbook presents design details for using natural finishes to create healthy and eco-friendly homes and buildings. A comprehensive and up-to-date online resource guide to suppliers, practitioners, and courses is also included.
